Dear Dr Katz,

There are two candidates in the FHS of Modern Languages this year who are offering the Optional Subject 45 'Modern Yiddish Literature'. I understand from Professor Praver that you have been teaching this subject and wonder if you would agree to act as assessor for it in this year's examination. This would mean setting a paper (to be set, I believe, for the first time this year?) by March and marking the two scripts; no attendance at meetings would be necessary.

I should be glad to know if you are able to take this on.

Yours sincerely,

I.P. Foote
Chairman of Examiners FHS of Modern
Languages
